

Ankit Kumar

ak0182274@gmail.com | 9262385114 | github.com/ankitkr-04 | linkedin.com/in/ankitkr04

Profile

CS student specializing in Java, Spring Boot, and scalable backend systems. Focused on database performance optimization and solving complex problems through Data Structures and Algorithms.

Skills

Java, Spring Boot, PostgreSQL, REST APIs, Redis, JavaScript/TypeScript, Next.js, Git

Experience

Web Engineer Intern, ControlShift Talent Pvt. Ltd.

02/2025 – 05/2025

- Implemented WebSocket-based notifications for real-time features
- Collaborated with frontend engineers to integrate WebSocket connections for real-time sync
- Built job queues for background email processing, offloading blocking operations from HTTP threads using BullMQ
- Developed 30+ REST API endpoints with validation and centralized error handling

Projects

TicketLedger, Java, Spring Boot, PostgreSQL, Stripe · github.com/ankitkr-04/ticket-ledger

- Developed a cinema booking platform ensuring zero double-bookings via pessimistic locking and ACID guarantees
- Designed seat reservation flows using SELECT FOR UPDATE for high-concurrency traffic
- Implemented idempotent webhook processing for automated confirmations and refunds
- Built background jobs to auto-release held seats and trigger email notifications

Axiom, Java, NIO, Concurrency · github.com/ankitkr-04/axiom

- Built a concurrent in-memory key-value store using Java NIO
- Implemented a Redis-like wire protocol for basic data types and commands
- Added primary-replica syncing for data consistency
- Improved read/write performance using thread-safe data structures

MuseoBot, Next.js, Clerk, PostgreSQL · github.com/ankitkr-04/museobot

- Integrated Razorpay with idempotency checks to prevent duplicate transactions
- Built an admin dashboard for booking analytics and user activity tracking
- Integrated Botpress to automate customer support workflows
- Implemented secure authentication and session management using Clerk

Education

Bachelor of Technology in Computer Science,
Lakshmi Narain College of Technology, Bhopal-462021
CGPA: 8.25

2023 – Present

Certificates

Oracle Cloud Infrastructure 2025 Developer Professional (1Z0-1084-25) – Oracle
Cloud Foundations – AWS Academy
