SUMMARY

CS student specializing in Java, Spring Boot, and scalable backend systems. Focused on database performance optimization and solving complex problems through Data Structures and Algorithms.

TECHNICAL SKILLS

- **Languages:** Java, C++, SQL, TypeScript
- **Frameworks & Tools:** Spring Boot, Next.js, BullMQ, Redis, WebSocket, Java NIO
- **Databases:** PostgreSQL, Redis
- **Cloud & DevOps:** Oracle Cloud Infrastructure, AWS, Git

ACHIEVEMENTS

- **TCS CodeVita Season 13 — Global Finalist** (Top competitive programmers worldwide)
- **200+ problems** solved on LeetCode; **150+ problems** solved on Codeforces

WORK EXPERIENCE

Web Engineer Intern

Feb 2025 – May 2025

ControlShift Talent Pvt. Ltd.

- Implemented WebSocket-based notifications for real-time features
- Built job queues for background email processing using BullMQ, offloading blocking I/O from HTTP threads
- Developed 30+ REST API endpoints with input validation and centralized error handling

PROJECTS

TicketLedger

github.com/ankitkr-04/ticket-ledger

Java, Spring Boot, PostgreSQL, Stripe

- Cinema booking platform with zero double-bookings via pessimistic locking and ACID guarantees
- Designed seat reservation flows using `SELECT FOR UPDATE` for high-concurrency traffic
- Implemented idempotent webhook processing for automated payment confirmations and refunds
- Built background jobs to auto-release held seats and trigger email notifications

Axiom

github.com/ankitkr-04/axiom

Java, NIO, Concurrency

- Built a concurrent in-memory key-value store using Java NIO
- Implemented a Redis-like wire protocol for basic data types and commands
- Added primary-replica syncing for data consistency

MuseoBot

github.com/ankitkr-04/museobot

Next.js, Clerk, PostgreSQL, Razorpay

- Integrated Razorpay with idempotency checks to prevent duplicate transactions
- Built an admin dashboard for booking analytics and user activity tracking
- Integrated Botpress to automate customer support workflows

EDUCATION

B.Tech in Computer Science

2023 – Present

Lakshmi Narain College of Technology, Bhopal

CGPA: **8.38 / 10**

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Developer Professional (1Z0-1084-25) — Oracle
- Cloud Foundations — AWS Academy
